Sub: -Poor maintenance of Public Park.

Sir,

Through the columns of your esteemed daily, I want to draw the attention of the authorities concerned the poor maintenance of a public park in our area.

Public parks are the lungs of the localities where residents come and refresh their tired and fatigue minds. But in our colony, the park is not well maintained or say not at all maintained. It suffers from the utter neglect of the authorities. The residents of nearby basti are using the area as a public convenience. Many rowdies create disturbance and do not help in the upkeep of the park has become the favorite halting place of stray cattle and dogs. Miscreants sit and gamble here in the road daylight. They in reality, the park has become a hub of activity for all types of evil characters.

If no immediate action is not taken, the park will turn into a devil's den and would become a being cause of nuisance for the colony.

I hope the authorities concerned will take immediate steps in the matter.

Yours truly

Uttam Chand
