

# The Spring Season

---

## Essay No. 01

Spring the most pleasant season in India. In this season everybody feel happy after the intense cold of winter. We all take interest in outdoor life. The whole earth wears a green dress and comes to life again.

In the spring season nature is kind. It gives us pleasure and joy. The trees once more look refresh and lovely. They regain their lost leaves. The birds were silent in winter, now they sing songs. They thank god with their lovely notes. Nature gives a grand feast to our hungry eyes. It invites us to come out and take part in the joy of the world. It presents a lovely sight for our hungry eyes. We get new strength in the spring season. The cool breeze invites us to come into the open. Buds of flowers peep to see the beautiful sight of nature. Flowers spread their sweet smell in all directions. They fill us with pleasure. It is season of marriages and feasts. It is this when this earth was honored by the birth of Shri Ram Chandra. It was again in spring that the coronation of Ramji actually took place. Hence the spring season may be called the kind of season.

They pleasures of spring are many. We cannot describe them. If we go to the mountains, we can enjoy nature in its naked form. Everything is untouched by the hand of man. It towns and cities calendar tells the coming of spring. But in villages the fields tell us that spring has arrived.

Trees in spring present a beautiful feast to our eyes. This lovely season fills us with the feeling of gratitude to God. Spring is the season in which the voice of nature is heard everywhere.

### The Spring Season

In India, we have six seasons in a year, each containing a period of two months – intensive period. Spring is the most pleasant season. It is liked by all. There is no piercing heat. Cold, or rain in this season. It is the best season. In this season Nature flourishes. The earth wears a green dress. The fields are decorated with yellow flowers. All take interest in out- door life. after biting cold we feel relief in spring season. Every plant or tree gets a fresh life.

In this season everybody is happy. The farmer is happy to see the growth of his crops. The poet is glad to enjoy Nature. The poor are happy to have it as a relief

from severe cold. If we study the Nature. We can find a new relation between rainy season and spring season. These are the two seasons when every plant of Nature grows rapidly. Some plants grow for fruit process in Spring Season while others grow in Rainy Season.

Thus spring season is very charming. It gives us pleasure and joy. The trees look fresh and lovely They regain their lost leaves. The birds enjoy the music of Nature. They chirp early in the morning. The birds which are rare in winter, now can be seen at every step. Nature gives a grand feast to our hungry eyes. It invites us to take part and enjoy with charming atmosphere. The cool breeze encourages us to outings. Buds of flowers attract us. Flowers spread their sweet smell in all directions. They fill us with pleasure and spirit.

It is also a season of marriages and feasts. This season is mostly chosen for celebrating these functions. Holi reminds us to enjoy a happy company. We can see around Holi different colours in Nature in different flowers and new leaves.

It was spring season when Ram's coronation took place. We have different crops. We have different fruits. We have different colours in plants. Actually, this season is praised by poets. They call it the Queen of seasons. The pleasures of spring are may we can enjoy it in a village. We can come in direct touch of Nature there. Different fruits and vegetables- underground and on ground are available to hail you. We have fair or gathering to enjoy.

The sight of green and yellow fields fills our hearts with hope. The fields promise to give us a good corn. This lovely season fills us with the feeling of gratitude to God. This is the season in which the voice of Nature or the presence of Nature can be heard or felt everywhere.

### **My Favourite Season: Spring**

There are four season in India. They are summer, rains, winter and spring. Every season has its own charm and beauty. During summer, the sun is very hot. Roads become dry and dusty. The rainy season gives life to the burning earth. The wind is very cold during winter. So, all these seasons create some problems for us.

I like the spring season most. Poets have sung many songs about the beauty of this season. The morning is pleasant. The noon is soothing. The evening is cod! and calm. The night is comfortable. Birds are singing. The sky is clear and the wind is refreshing. Every object of Nature looks very beautiful flowers bloom. New leaves come out of trees.

The spring season is important for farmers. Crops ripen in the fields. Farmers store wheat and barley at home. Everybody feels a sense of joy and happiness. Besides, spring is a season of festivals of the Hindus. Holi is a festival of eating and drinking. People enjoy it most. Holi adds to the glory of the spring season.

Spring is the season of joy. Green plants are there in the fields. The earth looks green with its plants and flowers. Spring is neither hot nor cold. It is very good for health. The cuckoo is mad with joy. There is no cold wind. Days and nights are neither too long nor too short. I hate the cold wind of winter. I do not like the hot sun of summer. I dislike mud and dirt caused by the rains. So spring is my favourite season.

The beauty of spring makes us forget our sorrows. Its music thrills our ears. Its beauty pleases our eyes. Its freshness kills our cares. So spring is the most popular season in India. I like it most.
