

# Sainik School

## Entrance Exam (Class 6)

# Solved Paper 2018

Time : 30 min

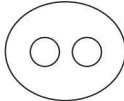

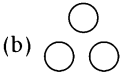

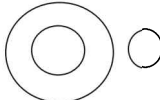

Marks : 50

### Instructions

1. This question paper contains 25 questions of 2 marks each.
2. The candidate is expected to attempt all questions.

## Paper 2

### Intelligence Test

1. Find the missing number in the number series given below  
20, 30, 42, ?  
(a) 64 (b) 56 (c) 62 (d) 54
2. Victory is to Joy as ..... is to Sorrow.  
(a) Defeat (b) Depression  
(c) Loneliness (d) Cry
3. Find the missing number that has same relation to 289 as 13 has to 169.  
 $169 : 13 :: 289 : ?$   
(a) 19 (b) 17 (c) 27 (d) 23
4. If TRAIN is written as WUDLQ, then BUS would be written as .....  
(a) EXU (b) DWU  
(c) EXV (d) VXE
5. If 'Flow' is related to 'River', then 'Stagnant' is related to .....  
(a) Pool (b) Rain  
(c) Stream (d) Canal
6. Choose the word which is least like the other words in the group.  
(a) Ladder (b) Staircase  
(c) Bridge (d) Escalator
7. If we arrange the given words in alphabetical order, which word would come at the second place, choose the correct alternative.  
(a) Plane (b) Plain  
(c) Plenty (d) Player
8. Choose the alternative that resembles the water image of the given word below  
A1M3b  
(a) V1W3P (b) VI W3P  
(c) V1W3P (d) VIWEP
9. Choose the word which is least like the other words in the group.  
(a) Eyes (b) Ear  
(c) Hand (d) Scarf
10. Choose the alternative that will continue the number series below  
2, 3, 5, 7, 11, 13, ?  
(a) 15 (b) 19  
(c) 17 (d) 21
11. Which of the following diagram indicates the best relation between Country, Nepal and India  
(a)  (b)   
(c)  (d)   
(e) 

## Hints and Solutions

1. The series follows below pattern

$\therefore ? = 56$

2. As, 'Joy' is the outcome of 'Victory', similarly 'Sorrow' is the outcome of 'Defeat'.

3. As,  $\sqrt{169} = 13$   
Similarly,  $\sqrt{289} = \boxed{17}$

4. As,  $\begin{matrix} T & R & A & I & N \\ +3 & +3 & +3 & +3 & +3 \\ \hline W & U & D & L & Q \end{matrix}$  Similarly,  $\begin{matrix} B & U & S \\ +3 & +3 & +3 \\ \hline E & X & V \end{matrix}$

5. In river, water is in flowing state. Similarly, in pool, it is in stagnant state.

6. All except bridge are used for up and down movement.

7. The alphabetical order of words is as follows.  
Plain  $\rightarrow$  Plane  $\rightarrow$  Player  $\rightarrow$  Plenty  
 $\therefore$  Word at second place is Plane.

8. Option (c) represents the correct water image of the given combination.

9. Except scarf, all others are different parts of a body.

10. The given series consists of continuous prime numbers. Hence, 17 will come in place of question mark (?).

- 11.

India and Nepal both are different countries.

12. The series follows below pattern

$\therefore ? = 41$

13. Gills are the respiratory organ found in fish. Similarly, lungs are the respiratory organ found in man.

14. In each successive figure a slant line (firstly, left slant line, then right slant line) is added in clockwise direction. Hence, figure in option (a) will replace the question marks (?).

15. Except stars, all others are countable.

16. The relation diagram is as follows.

It is clear from the above diagram that Maya's daughter is the cousin of Richa.

17. According to the question,

$S > T > P > O$  ... (i)

$P > R > Q$  ... (ii)

Either O or Q is shortest.

Hence, from the given information we cannot find the shortest person.

18.  $? = 16 \div 8 \times 6 - 2 + 12$

$\downarrow \quad \downarrow \quad \downarrow \quad \downarrow$

$? = 16 \div 8 - 6 \times 2 + 12$

$? = 16 \div 8 - 6 \times \frac{2}{12}$

$? = 16 \div 8 - 1 = 23$

- 19.

$\therefore$  Triangles =  $\triangle AIH, \triangle AIJ, \triangle ABJ, \triangle BJK, \triangle BCK, \triangle CKD, \triangle DHG, \triangle DGF, \triangle DJF, \triangle DJE, \triangle JKE, \triangle KED, \triangle AHG, \triangle AHJ, \triangle CDE, \triangle EDJ, \triangle ACE$  and  $\triangle AGE = 18$

**20.** As, rabies is caused by dog. Similarly, malaria is caused by mosquito.

**21.** Original Position,

After Rotating

Clearly, hour points towards South-East direction.

**22.** As, love is opposite of hate.

Similarly, friend is opposite of enemy.

**23.** Option (b) represents the correct mirror image of the given combination.

**24.** The relation diagram is as follows

Clearly, Y is the brother-in-law of B.

**25.**  $? = 15 \times 5 \div 10 + 5 - 3$

$\downarrow \downarrow \downarrow \downarrow$

$= 15 \div 5 + 10 - 5 \times 3$

$= 3 + 10 - 15$

$= 13 - 15 = -2$
