

HOLIDAYS HOMEWORK (SCIENCE)

GRADE - IV

1. Clothes Pasting: You have to paste any three types of fabric :

- Categorize them on various parameters
- Add on your own creative and innovative ideas to decorate the given activity.
- Paste it in your notebook.
- Hint:

Jute

wool

2. Prepare a science magazine on the theme “Environment”.

Some of the things that you could put in the magazine are:

- Famous environmentalists (their pictures and information about their work)
- News clippings and articles about the environment.
- Amazing/interesting facts
- Puzzles/riddles/jokes/thoughts about the environment.
- Information about pollution in the rivers/water pollution. Visit the river or the place with your parents and write about the pollution that you see.
- Give your magazine a suitable title.

NOTE: Use A-4 coloured sheets. Make a magazine cover. Use your imagination and creativity. The content should be of 5-6 pages only.
