Lesson-8

Addition-subtraction (up to 20)

Find out the total number after adding the sticks according to the number on the card—

Instruction to the teacher-

Make the children sit in pairs.

Ask any pair to pick up any two number cards.

Ask them to add the numbers on the number cards with the help of sticks.

Ask the other pairs to play the game in this way.

The teacher will make sure that sum of two number cards remain within 20.

Count and write-

Do yourself-
