

SUMMATIVE ASSESSMENT 1 -2012

ENGLISH WORKSHEET

CLASS IV

SECTION A (READING)

1 Read the poem and answer the following questions;

My Boat

I made a paper boat

And wanted it to float

So I went in the rain

And put it in a drain.

It bobbed up and down

It feared it would drown

It twirled round and round

Then sank without a sound.

My heart sank with the boat

I'd wanted it to float

But then I ran indoor

To make me a boat once more.

Q1 Why did the child go out in the rain?

Ans. _____

Q2 How did the boat move on the water?

Ans. _____

Q3 Why did the child run indoor?

II Read the passage and answer the following questions:

The tiger is one of the most handsome beasts to have ever lived. Tigers are mammals which belong to the cat family. Tigers are found in natural surroundings only in Asia. There are eight species of tigers.

There are only about 2500 tigers in India and about 5000 in the whole world.

A baby tiger weighs about one kilogram when it is born. Adult tigers weigh between 200 and 275 kilograms. They live for 20 - 25 years.

Tigers are carnivores. This means that they live on meat. An adult tiger needs about eight kilograms of meat every day. Tigers, like most other animals attack humans only if they feel threatened or have been hurt and have no other way of getting food.

Each tiger has a special black and white pattern on their foreheads. You can tell them apart from this pattern.
