

Worksheet

Basva's Farm

Q.1. Why does Basva's father use Khunti?

Ans. Khunti is an iron rod which is used to dig and loosen the soil. It is also used to make the soil soft.

Q.2. The ____ also grow in the fields along with onion plants.

Ans. The weeds also grow in the fields along with onion plants.

Q.3. How did Basva and his family members realize that the onion plants are ready to take out?

Ans. When the leaves of the plants became yellow and dry, it was the indication that the plants are grown up and can be taken out.

Q.4. True or false?

The dried leaves from the top of the onions are cut with the help of illige.

Ans. The statement is True because illige is a sharp device which can cut the dried leaves from the top of the onions.

Q.5. Basva's father sow the onion crop in ____ month.

Ans. Basva's father sow the onion crop in July month.

Q.6. List all the steps of sowing the onion crop.

Ans. The different steps of sowing the onion crop are:

- (i) First, the seeds are to be sown in the field.
- (ii) The sprouts begin to appear after some days.
- (iii) Then the plants start to grow.
- (iv) Once the plants are grown up, the onions are taken out from the ground.
- (v) After taking the onions out, their leaves are separated from the onions and the onions are sold out in the market.

Q.7. Look at the picture given and identify the correct step of sowing a crop.

Ans. The picture shows the step of sprinkling the seeds in the field.

Q.8. Who plants the weeds in the field?

Ans. The weeds are not planted by anyone. Weeds grow naturally along with the plants.

Q.9. Why everyone at Basva's home was happy?

Ans. Basva's family members were happy to see the onions because the onions were big and healthy.

Q.10. Identify the implement shown in the picture given below:

Ans. This is a sickle which is used for the purpose of cutting the vegetables.

Q.11. True or false?

The seeds can be dropped in any manner while sowing.

Ans. The given statement is False because the seeds should be dropped in the right amount at a regular distance.

Q.12. Why is it necessary to remove the weeds from the field?

Ans. If the weeds are not removed from the field, they can consume all the fertilizers

as well as water required for the crop and the plants may not be healthy.

Q.13. If the onions are not taken out at the right time, they will ____ it self.

Ans. If the onions are not taken out at the right time, they will rot in the ground it self.

Q.14. What did Basva's father do with the onions?

Ans. Basva's father filled the onions in the sacks and went to sell them in the big market through a truck.

Q.15. Why did Basva take leaves for some days from his school?

Ans. Basva took leave from his school to help his father in the fields.

Q.16. List some of the crops that are sown in your area.

Ans. Some of the crops that are sown in our area are:
Wheat, rice, potato, sugarcane, mustard etc.

Q.17. How the seeds are sprinkled in the field?

Ans. In order to sprinkle the seeds in the field, the Kurige is pulled by the bullocks and a person walks behind them to sprinkle the seeds.

Q.18. How can we help our mother in her works?

Ans. We can help our mother in her works of cooking food, serving it to the other members, cleaning the dishes and the house etc.
