Dear Joy,

How can I thank you for the few happy days spent in your garden house? the picture of Meena dancing at dawn under the tree in front of my room every morning in quite indelibly etched on my hand.

And what dosas she brought? What heavenly coffee? What paradisal cocoa?

My stay in your house in something never to be forgotten.

Dear Shushil,

I regret that your stay in our house was rather short, and I was too busy to be of much use to you.

I am grateful to Menna for what little service she was able to render you.

Yours affectionately,

Joy
