

## **English Letter of “Thanks Letter for Lunch”**

Raju and I express our sincere appreciation of lunch at your house last Sunday. The chitchat of Jalkiron will be always evergreen in our hearts.

We highly appreciate the trouble to which you put yourself by hurrying away from the company of the Chief justice to be with us at the lunch time.

The poems you read to us were exquisite little gems. These gasp for light. Hope you will send us a copy when printed.

Yours sincerely,

**Sonu**
