**Name:** _____   **Class: IV** _____   **Subject: Maths**

<u>**SA 1 Worksheet: Subtraction**</u>

I. Fill in the blanks

1. The number from which another number is to be subtracted is called _____

2. The number which is to be subtracted is called the _____

3. The result which we get after subtraction is called _____

4. $10000 - 1 =$ _____

5. $98912 - 0 =$ _____

6. Largest 5-digit number + _____ = smallest 6-digit number.

7. In subtraction problem, the smaller number which is to be subtracted from is

   _____.

8. $85106 - 85106 =$ _____

9. $100000 -$ _____ $= 99999$

10. When the subtrahend and minuend are the same, the difference is _____

11. 1000 less than $9000 =$ _____

12. _____ $- 0 = 606061$

13. If _____ is subtracted from a number, the difference is the number itself.

14. One subtracted from a number gives the _____ of the number as the

   difference.

II. Subtract

1) 42,069 from 54,999	2) 24,529 from 5,68,048

3) 1,28,746 from 3,26,235	4) 5,28,564 from 7,06,000

Find the missing minuend

a)

```
  ┌──────────┐
  │          │
──└──────────┘
    168235
  ──────────
    105698
```

b)

```
  ┌──────────┐
  │          │
──└──────────┘
    635005
  ──────────
    387734
```

III. Find the missing subtrahend

a)

```
    482800
  ┌──────────┐
──│          │
  └──────────┘
    268005
```

b)

```
    823665
  ┌──────────┐
──│          │
  └──────────┘
    113322
```

IV. Story Sums

a. Indian Railways has railway tracks of length 59684 km. The Nationals Highways has roads of length 24943km. Find the difference?

b. 3,43,392 people live in Goa and 3,51,462 live in Pondicherry. Which town has more people and how many more people?

c. Find the difference between the largest 5-digit number and the smallest 5-digit number.

d. Mother diary produced 30000 pouches of milk in one day. It supplied 20196 a day to various depots. How many pouches were left behind?

e. I borrowed ☐ 3 lakh from a friend. I paid him ☐ 66678 in the first installment and ☐ 70871 in the second installment. How much more do I owe him now?

Solve.

a. What should be added to 49,533 to get 1,50,000?

b. Find the number that is 8,935 less than 7,678

c. What should be subtracted from 84,339 so that the difference is 23,852?

d. How much more is two lakh than 99006?

e. Rahul subtracted 265479 from a number. He had 8062 left. What was the number he began with?
