Swapnil is a healthy boy. He is fond of playing Kabaddi. Kabaddi is not just a game for him; it is passion for him.

Swapnil is a very good player. He could make his place in a final Kabaddi league. His parents were very happy for him.

The occasion was special. Swapnil was leading the team as the captain. His father promised that if his team won he would buy a bicycle for him. Swapnil was also excited at the proposal. He and his teammates were practising hard.

All the boys were eagerly waiting for the day. On the day of the match he slipped in the bathroom, there was slight strain in the right foot.

What do you think? Will he play? How? Should he play? Should he rest? What is your opinion? How will his team manage without Swapnil?

Mummy : Please, take rest. Don't go to play.

Swapnil : No, mom, I have to go, my team....

Mummy : No, dear.

Father : O.K. Don't force him. His leg has strain but his hands are strong.

Swapnil : Thank you, papa.

Will Swapnil really play Kabaddi? How?

There is a big crowd on the playground. There are two teams on the ground– the team Earth and the team Mars. The team Earth won the toss and they decided to become the catcher.

Rajesh from the Mars goes as a raider, oh! they caught him and get the points.

Jaypal goes as a raider but the Mars team catches him. They also get points, Manish from the Earth goes. Oh! he is out.

Both the team have equal points. Oh! in the team Earth, there is only one player and he is Swapnil.

What will happen now?

Look, a strong boy, Salim from the Mars goes as a raider, Kabaddi... Kabaddi.... Kabaddi.... Swapnil catches him tightly. Whistle...oh! time is over the team Earth wins the match.
