_____

Answer C.

My mother wakes me up every day at 6 o' clock. I get up and get ready fast because my school bus comes at 7 o'clock. This has been my habit. One day I suddenly woke up at 6:15 AM in the morning and found my mother still sleeping by my side. I got very anxious and thought that I would get late for school today. I jolted my mother to wake her up. She was surprised to see me up before her. I told her that I am getting late for school. She smiled at me. She asked me to look at the school calendar. When I looked at my school calendar I too started smiling. Today was my first day of summer vacations.
