

Coins and Currency Notes

◆ Look at the pictures of the currency notes given below. Write their values in the boxes.

The value of this note is rupees.

The value of this note is rupees.

The value of this coin is ₹ .

This coin has a value of ₹ .

◆ Write the total amount (value) in the empty boxes.

650
rupees

rupees

rupees

Tony : I have 3 notes. Their total value is 75 rupees.

Salma : I, too, have 75 rupees. But I have 5 notes.

Tony : How can that be ?

Tony has these notes.

Total

rupees

And Salma has these notes.

Total

rupees

It means that both Tony and Salma are right.

Sanju : I have a hundred-rupee note, 4 notes of 20 rupees, 6 coins of 1 rupee each.
How much money do I have ?

Raju : You have 186 rupees altogether.

Anita : I have 4 notes. They are worth 170 rupees altogether. Can you guess which notes I have ?

₹ 100

₹ 50

₹ 10

₹ 10

◆ Can we give ₹ 170 using 4 notes in any other way ?

 **For teachers** : Get the children to make mock currency notes by writing numbers on cards and use them to conduct games.
