1. What was the policy of apartheid prevalent in South Africa? Highlight the role played by prominent African leaders in bringing an end to it.

(150 words) 10

दक्षिण अफ्रीका में प्रचलित रंगभेद की नीति क्या थी? इसकी समाप्ति में प्रमुख अफ्रीकी नेताओं द्वारा निभाई गई धूमिका पर प्रकाश डालिए।

Apartheid was a racial policy led by white minority government of Daniel Molan

Policy of apartheid

1) African population was segregated into 'tribal areas'	2) No right to vote given	3) Freedom of movement was restricted with passes	4) Inter race marriages were declared illegal	5) Suppression of communists in Act called all dissent illegal as act of treason
--	---------------------------	---	---	--

However, this policy was resisted by formation of African National Congress and its leaders such as:

- 1) Nelson Mandela - led non violent protest and even resort later to violent underground resistance. He spent

about 26 years in prison and won Nobel Prize for his efforts.

- 2) Desmond Tutu - he attracted international attention towards apartheid and won Nobel Peace Prize in 1984.
- 3) Oliver Tambo - provided free legal aid to African's affected by apartheid policy.
- 4) Robert Sobukwe - he founded & headed Pan Africanist Congress that led anti-apartheid movement.

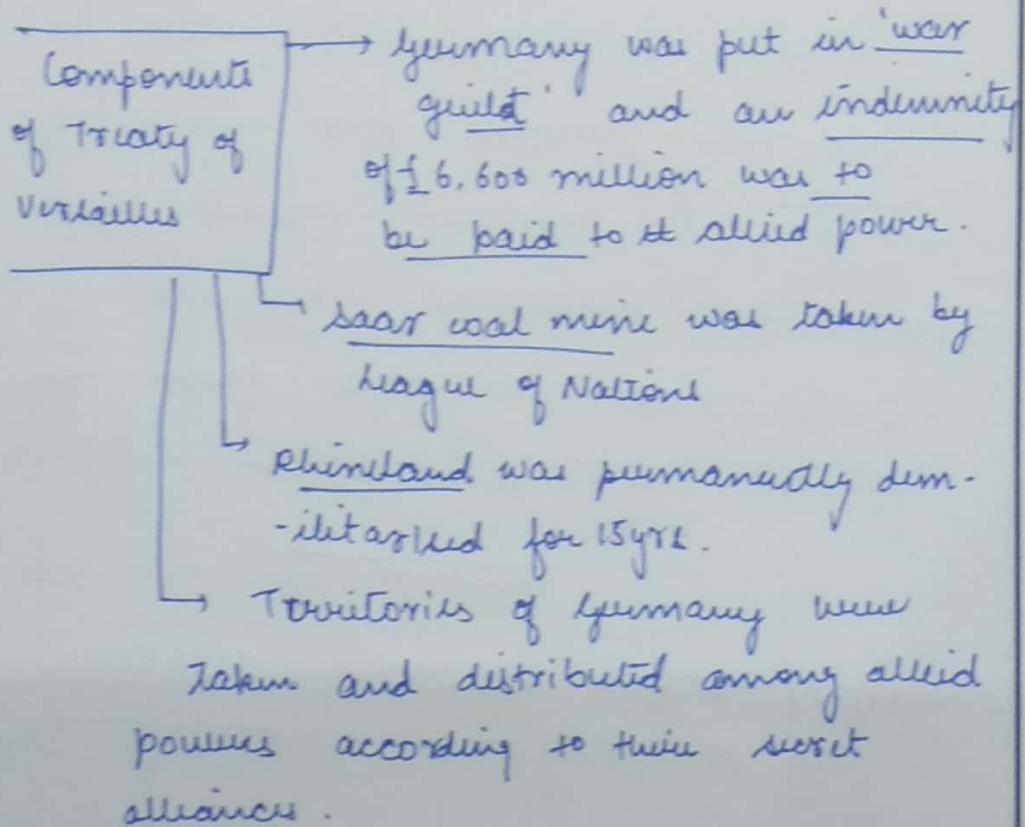

Anti-apartheid movement also drew international support from UN, leaders like MK Gandhi too supported it.

So thus, it finally came to an end by 1 free election of Africa.

2. To what extent was the Treaty of Versailles responsible for World War II?
(150 words) 10

वर्ताय की संधि किस सीमा तक द्वितीय विश्व युद्ध के लिए उत्तरदायी थी?

Treaty of Versailles was signed in 1919 between Germany and Allied forces (British, US and France)

However, this treaty was responsible for world war II as:

- I) The war guilt and humiliation at the conference (Paris Peace) led to extreme nationalism and fascism.

- 2) Economic sanctions were very heavy to be paid and resulted in large scale inflation.
- 3) Germany's main coal field were taken as a result worsening its economy.
- 4) Nazi Propaganda was established by spreading discontent towards Parliament for the "dictated peace".

However, Treaty of Versailles was not the main cause of World War II.

The economic conditions post I World war further worsened by The Great Depression and political ambitions of Japan and Italy were also a cause.

Thus, Treaty of Versailles was one of the prominent not sole reason of World War II.

3. Non-alignment was an attempt by newly independent countries, including India, to keep colonialism and imperialism at bay. Comment.

(150 words) 10

गुटनिरपेक्षता वस्तुतः भारत सहित नव स्वतंत्र देशों का उपनिवेशवाद और साम्राज्यवाद को दूर रखने का एक प्रयास था। टिप्पणी कीजिए।

Non alignment movement ^[NAM] was formed at the forefront of cold war at Bandung conference by the newly independent countries of India, Egypt, Indonesia, Yugoslavia and Ghana.

It was mainly directed by following reasons.

- 1) The countries did not want to attach to a particular block of US/USSR or particularly communism vs capitalism.
- 2) They wanted an independent framework and not dictated by a superpower as was done by Pakistan on joining SEATO, CENTO.
- 3) The power blocks of Soviet and US were largely divided by formation of NATO and Warsaw Pact. Joining any of them

would lead to rivalry of other.

v) Heavy militarisation during the cold war and aligning to one of the axis would be artificial development and would even cause military rule as was seen in Pakistan.

The NAM was thus, an effort to generate and implement sovereignty and independence of the newly formed countries.

It was largely successful in forming a distinct identity of the countries and thus, has helped India immensely.

4. Most of the factors responsible for Scramble for Africa had to do with events in Europe. Discuss. (150 words) 10

अफ्रीका के बंटवारे के लिए उत्तरदायी अधिकांश कारक यूरोप में घटित घटनाक्रमों से संबंधित थे। चर्चा कीजिए।

Africa before colonialisation was divided into various linguistic and ethnic communities.

The Scramble for Africa was mainly influenced by Europe's wants as:

- 1) Congo was seized by Berlin after technological advancements of steam boats further inviting other European countries in competition of colonies.

- 2) The territories were further partitioned by European countries on basis of 'give and take'

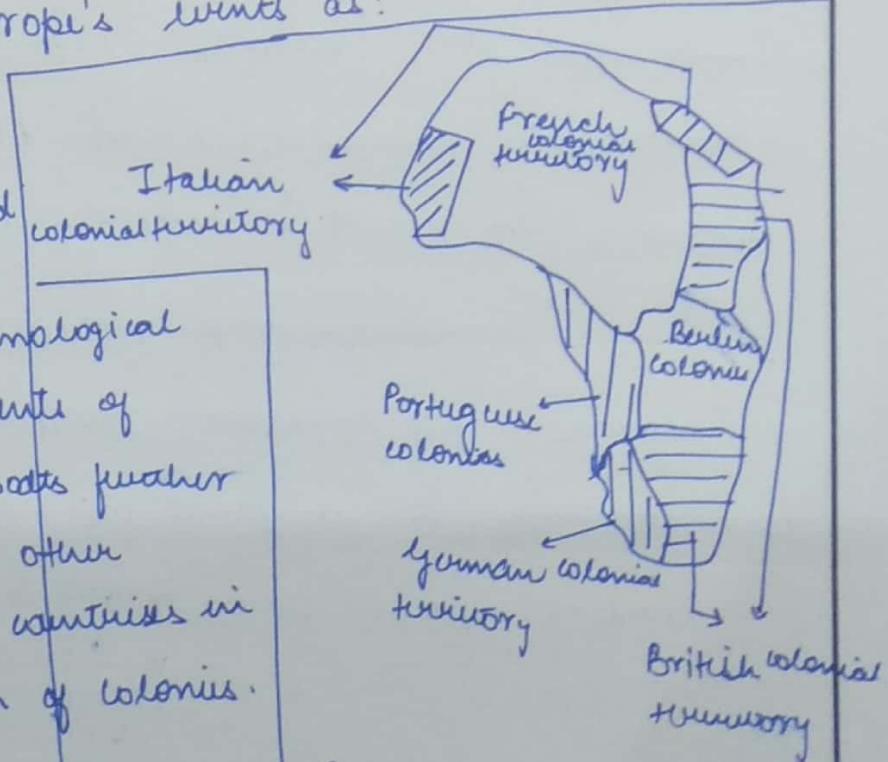

Fig 4.1 - colonies of European countries in Africa (1900)

3) Growing tensions for territory was cooled down by 'Berlin Conference' that advocated each and everyone's right to colonies except the inhabitant of Africa itself.

4) Berlin Conference - at which a ruler divided the territories of African map even without noticing the ethnic and cultural dissimilarities.

The demarcation of border by European countries for exploitation of resources is a major disaster that still can be seen in ethnic clashes of Africa. For ex.: recent Sudan and South Sudan clashes.

Thus, the scramble of Africa was a major blunder with its bruise still visible in instability of African continent.

5. Despite the initial promise, the potential of Bhoodan and Gramdan movement remained essentially underutilized. Discuss. (150 words) 10

शुरुआत में आशाएं जगाने के बाबजूद, भूदान और ग्रामदान आंदोलन की क्षमताओं का वास्तव में उपयोग नहीं किया जा सका। चर्चा कीजिए।

Bhoodan and Gramdan movement were a major land reform movements led by Vinobha Bhave.

It had many a huge potential as :

- formation of constructive workers, Sarvodaya had more grassroots level approach.
- Padyatra was a major mass movement post independence
- 1/6th of the land was to be donated by landlords and thus adopt a poor man's community building approach
- Target was of 50 m acre of Bhoodan but and had collected about 4.5 m acres by 1957 alone.
But, the movement lost its shine and remained underutilised as :

- 1) Loss of leadership post death of Mr. Bhaurao Athavale.
- 2) Niyamdan was mainly successful in villages where class differentiation was not pronounced.
- 3) Redistribution of land was the main problem of how and whom to be allotted land on what basis much
- 4) Collected land was not too fertile enough as only 650,000 acres were actually distributed by 1957.
- 5) Over time, the movement was altogether vanished. For like Bihar government abolished State Bhoodan Committee in 1999 for not redistributing any land for over 40 years. However, the movement made a significant impact by creating a moral ambience.

6. Concerns for national security, its national ideals and emulation of the imperialistic behaviours of Western powers, are important factors in understanding the emergence of Japan as an imperial power. Comment. (150 words) 10

गांधीय सुरक्षा संबंधी चिंताएँ, इसके गांधीय आदर्श और पश्चिमी शक्तियों के साधारणवादी अवहार का अनुकरण, एक साधारणवादी शक्ति के रूप में जापान के उद्भव को समझने हेतु महत्वपूर्ण कारक हैं। टिप्पणी कीजिए।

Japan emerged as an imperialistic power due to following reasons :

1) National security

- Russo-Japan war and China-Japan war made it apprehensive of having strong army.
- Meiji restoration and formation of Diet (Parliament) also emphasised on supremacy
- US's annexation of Iworts was treated as a direct threat making Meiji Kingdom more stringent on power occupation.

2) National ideals :

- Mass education and formation of hysteria as king as ideal and god sent.
- The ideals of Japan supremacy was widely circulated and propagated.

3) Imperialistic behaviour of Western countries :

- US was particularly suppressing Japan's sovereignty by regular intervention
- Sphere of Influence being carried out in China and US's open door policy further aggravated Japan's imperialism
- The rising number of colonies by European countries and their exploitation also justified Japan's movement at that particular time. (1800 - 1900)

Therefore Japan's imperialism and thirst of territory was a combined effect of the mentioned points.

- ISIS claims it's one of the goal to reverse the effects, causing huge loss to the world.

- artificially created nation-states often

were in direct conflict with national identity like that of Iraq.

- Issue for national home of Jews - Palestine was also discussed among the agreement without even consulting Arab nations. This is major bone of contention in West Asian Politics.

Neocolonialism term was coined by Ghana President Nkrumah. According to which -

Neocolonialism is a way of exploiting economic patterns of developing or ^{less} developed countries by developed countries through ways like currency peg, MNCs, legal sanctions of WTO or multi-lateral treaties.

Colonialism and Neocolonialism both deal with:- exploiting economy of less developed country.
