---

## Introduction

Formal letter is a business or official letter. They are written to complaint or inform something. These letters include applications, letters to editors, official letters, letters to and from organizations, government departments etc. These letters have an objective or business-like style of writing.

### Points To Remember:

1. Mentioning the subject is a must in a formal letter.
2. The formal letter should be brief, simple and concise.
3. It should focus on the issue rather than dwindling on various other elements.
4. Colloquial words or expressions must be avoided.
5. The imperative tone must be avoided in case of formal letters.
6. Coherence should be maintained.
7. Marks will be awarded on the use of appropriate style, language, content and expression.
8. Although, marks will not be deducted for exceeding the word limit, it is advisable to follow the given word limit.

### Difference between formal and informal letters:

The basic difference between informal and formal letters is that of the receiver. Informal letters are written to friends, family, relatives, and other near and dear ones, while, the formal letters are written for official purposes or to write to the editor of a magazine, the commissioner, the principal of a school, etc.

It is compulsory to include a subject in a formal letter which is not necessary in an informal letter. We usually add both the addresses in a formal letter while it is only important to write the recipient's address in an informal letter.

The language of a formal letter is also very formal and precise while one is allowed to use colloquial language in an informal letter.

Sir,

Subject: Shortage of water and the supply of polluted water in Krishna Nagar

Through the columns of your esteemed newspaper, I would like to draw the attention of the concerned authorities to the shortage of water as well as the supply of polluted water in Krishna Nagar.

For quite some time now, we have been receiving polluted water supply, that too at irregular intervals. The water coming out of the taps is so dirty that it cannot be used in any activity whatsoever. The residents of this area have brought this issue to the notice of the concerned authorities since the problem started. However, no heed was paid.

Clean water is an essential for all. It is high time the concerned authorities took steps to solve this problem. If conditions do not improve, things could worsen further leading to the possibility of an epidemic among other health hazards.

Yours truly,

Poonam Sharma

Dear sir,

Subject: Absence of street lights in Krishna Nagar

Through the columns of your esteemed newspaper, I would like to draw the attention of the concerned authorities towards the problems of the residents of Krishna Nagar, New Delhi.

The streets of A Block, Krishna Nagar, have no street lights, and this is a source of inconvenience to one and all. Though electricity poles were installed last year, nothing

has been done to make them functional. It becomes absolutely difficult for us to walk or drive in the absence of street lights. This apart, a lot of people do not feel safe if they have to go out after dark.

I take this opportunity to remind the authorities that it is high time this problem was solved. Their efforts in this regard would be much appreciated.

Yours truly,

Kavita Kumari

I am a student of Class IX-C of your school. As the class monitor, I am writing this letter on the behalf of all the students of my class.

All the students in our section are dissatisfied with the progress we have made so far. We all believe that we are under-prepared for the upcoming examinations. We shall be thankful if you could arrange special classes for us either before the school starts or after the school is over.

I am sure you will look into the matter and assign a teacher to help us cover the syllabus in time.
