

Name Date : Class/Sec: II,

1. Show as repeated addition:

$$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

2. Find the sum:

• 282	+	10	=	<u> </u>
• 496	-	100	=	<u> </u>
• 383	-	10	=	<u> </u>
• 479	+	9	=	<u> </u>
• 888	+	100	=	<u> </u>
• 888	-	100	=	<u> </u>
• 888	-	10	=	<u> </u>
• 888	+	10	=	<u> </u>
