Dear Parent(s),

'Exciting time is here again! Its time for Summer Vacation and fun filled activities'. Children are reservoirs of potential which needs to be tapped and channelized in diverse ways. We at SRSM feel that it is very important to fire their imagination and foster an outlook that helps them explore, discover and rediscover. Children should be encouraged to develop intellectually and physically. Summer Vacation is the best and fruitful time for learning and for nurturing creativity. It is the time when you can connect with your child in many ways.

The Holidays' Homework designed would not only enhance achievements of your children but also help to enhance family relationships. It would teach your child to work independently and would improve their basic academic skills, such as reading, writing, and spellings and would help them develop personal skills and time management.

A few suggestions that you may keep in mind.

- Spend quality time with your children. Take them out to outings and have fun time together.
- Help your children to become independent by giving them responsibilities. Involve them in small household activities.
- Inculcate in them good manners, healthy habits and respect for elders.
- Inculcate the feelings of empathy, affection and tolerance in your children. Give them a chance to look after you and their younger brothers and sisters.

BECAUSE

Think of 15 words that you find hard to spell and make up a rhyme to help you remember the spellings. It doesn't matter how silly the rhyme is, as long as you remember it. Write the rhymes for 15 words, illustrating them with pictures.
